Thursday	Maths Booster	Y5	3.20 – 4.30
	Writing Booster	Y5	3.20 – 4.30
Friday	Guitar		1.15 – 2.45

Following latest Government announcement

We are still required to continue with our social distancing and face covering practices in school. The latest date for review is 19th July - school finishes 21st July. Our children and staff continue to keep to their bubbles too. We know that the virus is on the rise again and schools in the area continue to send bubbles home as outbreaks continue in the Nuneaton and Bedworth area.

Many of our end of term events have again switched to on-line and further information will be sent out for individual events. Please help us keep our school open by following school practices. I know that we are all suffering from fatigue but please keep going. You have done a tremendous job so far.

Support for Year 6 children and parents/carers for transition

I am pleased to announce that our highly successful Transition Programme delivered by the Educational Psychology Service for Year 6 children and their parents/carers will be running again this year. Please note that I have changed the date to Tuesday 29th June (after the 21st June Covid update - fingers crossed) in the hope that parents/carers will be able to come in to school to meet face-to-face with our two Education Psychologists. There will be an opportunity to hear what the E.Ps have to say and to discuss any individual

concerns you may have. Parents/carers session is from 2.15 to 3.15. Please return the reply slip on the letter sent out earlier.

Year 5 Survival Day

Year 5 spent a day learning survival techniques - just in case they find themselves stranded on a desert island like Michael in their class reading book (Kensuke's Kingdom by Michael Morpurgo).

They learnt how to filter water, make a camp fire, tie knots, make a secure den and build a raft that floats - all in one day. Mrs Conroy, Mrs Corbett, Miss Harris and Mr Browne all shared their survival skills with the children.

A super day of learning and it was great to see the teamwork between the children - well done everyone.

Mrs Conroy has put a 10 minute film together which can be viewed on Year 5 TEAMS.

Year 6 Modelling

Year 6 enjoyed sitting outside making models of the characters from the play they will perform for their end of year school production the Tempest. The models have to be proportional!

Year 1's walk around the area

Year 1 spent the morning studying the plants and animals in the local area. They walked to Pro-Logis park and found tadpoles in the pond area. They used a chart to help identify the different trees in the area - many of the trees are Ash trees.

Manor Adventure

Letters will be coming out this week with further detail of our residential week at The Manor Adventure in March 2022. We finally have all the details and the insurance sorted. Please return the slips as soon as possible - places will be allocated on a first come first served basis.

Wraparound Care

The school continues to provide emergency wraparound care for families. We will be reviewing the provision for September over the next few weeks. Information will be available towards the end of term.

Thank you to parents/carers who have donated many quality toys and games to the wraparound club - we are grateful for the donations. We are happy to accept further donations, just leave them with Mrs Turner at the school office. Thank you.
